STENGEL MINI KITCHEN

FEATURES & BENEFITS

We believe that a kitchen has to be able to do everything - regardless of size. If you have only little space at home, in your office or studio or place of work we have the mini kitchen that suits your needs. Our **mini kitchens** will fulfill your requirements and wishes perfectly. Almost all models are delivered assembled and ready to plug in and cook.

Mini kitchen made from metal and its benefits:

We only use steel and stainless steel from European trade.

Powder coating

In a **Stengel kitchen**, powder-coated parts are constructed with our own state-of-the-art powder coating system. The coating makes the surfaces much more durable than ordinary liquid paint.

Stainless steel

We use stainless and acid-resistant stainless steel 1.4301 (X5CrNi18-10), which is approved for temperatures up to 600° Celsius, in our worktops, fronts and other parts.

Rust resistant

The stainless steel and powder-coated metal used in our products is resistant to water vapour, damp and other climatic influences - leaving no breeding ground for rust.

Easy to clean

Stengel mini kitchens are really easy to clean thanks to their smooth, non-porous surfaces.

Environmentally friendly

100% recyclable steel and no toxic substances mean we are making a vital contribution to both your health and the sustainable use of environmental resources. Eco-certification according to DIN EN 14001 is guaranteed.

Fire resistant

Steel kitchens never go up in flames, steel cannot self-ignite and does not provide any fuel for a fire.

Odourless

Powder-coated metal is odourless - even after thousands of hours of cooking, **Stengel kitchens** still smell fresh once cleaned, as the material does not absorb any foreign odours.

Advantages of metal kitchens from Stengel compared to wooden kitchens:

- ◆ high durability
- ◆ no material deterioration compared to wood
- ◆ low installation costs
- ◆ simple installation
- ◆ timeless style
- ◆ no problems with damages caused by water
- ◆ space saving
- ◆ easy to maintain surfaces
- ◆ hygienic and anti-bacteria
- ◆ Non-flammable / complies with fire safety regulations

Picture: MPM120A with wall cupboard and larder cupboard in colour white

COMPARISON OF KITCHEN MODELS

Our mini and compact kitchens have a wide range of applications. The kitchen that would be installed in a portacabin, for example, would be different to one installed in a holiday apartment. That's why we offer three different model series with different price points, features and designs.

MINI KITCHEN ME EASYLINE:

Features:

- ◆ Metal cupboard unit in powder coated finish, filled double-walled fronts
- ◆ Fridge 48 cm wide with 2* - freezer
- ◆ Available in widths 100 and 120 cm
- ◆ Deep drawn standard pantry tops with ventilation holes on top, integrated bowl, drainer and hobs - front mounted controls
- ◆ Hob: electric hotplates or without hotplates
- ◆ Metal cupboard unit without handles with push to open door
- ◆ Shelves as accessories
- ◆ Standard colour white
- ◆ There is a slight colour difference between fridge front and base structure

MINI KITCHEN MK KITCHENLINE:

Additional special features to ME Easyline:

- ◆ Fridge 50cm wide with 4* - freezer
- ◆ Available in widths of 90 - 150 cm
- ◆ Electric hotplates, ceramic hob or without hob
- ◆ Metal handles in kitchen colour
- ◆ Available with microwave and oven (*1)
- ◆ Five additional colours (*2) bordeaux, green apple, sand, mocha and black
- ◆ For white version: There is a slight colour difference between fridge front and base structure

MINI KITCHEN MP PREMIUMLINE:

Additional special features to MK Kitchenline:

- ◆ Metal covered fridge door
- ◆ Available in widths of 100 - 180 cm
- ◆ Pantry top made of brushed stainless steel with ventilation holes in front, built-in bowl with drainer, tap hole, filter basket and siphon
- ◆ Ceramic hob, induction hob or without hob
- ◆ Modern bar handle in stainless steel
- ◆ Drawers (*1) with softclose
- ◆ Also with microwave with cooking function 20l and 30l, dishwasher and oven (*1)
- ◆ Three additional colours – slate grey, teal and stainless steel

(*1) depending on the model (*2) for colored kitchens with metal covered fridge door

MP PREMIUMLINE MINI KITCHEN

**FLEXIBLE AND FUNCTIONAL -
THE PERFECT KITCHEN FOR EVERYONES NEEDS**

If style and functionality are of special value to you then the **Stengel Premiumline** range of kitchens is the perfect choice.

Our **mini kitchen** is made of powder coated sheet metal and supplied with double-walled doors which are filled with insulation to give strength and a solid feel. Classic design handles and high quality metal pull-out rails complete a perfect picture.

Classical or modern a style to meet everyones taste.

The **Premiumline** models become a fully-equipped kitchen with the option to choose from microwave, microwave oven with cooking function, dishwasher or oven. Available in the widths 100, 110, 120, 150, 160, 170 and 180 cm.

Please refer to the following pages for details of all the models.

MK KITCHENLINE

MINI KITCHEN

COMPACT AND PERFECT - OUR ENTRY KITCHEN
MADE OF METAL AND FINISHED IN POWDER
COATED STEEL

If you are looking for quality for a small price then a **Stengel Kitchenline** is made for you. Sink, hotplates, fridge, storage space, microwave, oven - all compact and in one **mini kitchen**.

Kitchenline is made of powder coated metal and is equipped with insulated, double-walled doors. **Kitchenline** is available in four widths 90, 100, 120 and 150 cm.

Please discover the many combinations on the following pages.

picture: MKB150 with hob and wall cupboard in colour sand

MK KITCHENLINE IN COLOUR

FANCY SOME COLOUR?

Our new modern colors give you the opportunity to set accents or a fresh splash of color with your mini kitchen.

With colour on all visible sides, our **mini kitchen** is also a highlight of your interior. Metal and stainless steel can also provide a decorative contrast to natural materials such as wood.

You are spoiled for choice: matt or glossy, in the colors sand, mocha, black or red...

HSDH WALL CUPBOARD WITH EXTRACTOR HOOD

THE ADD-ON FOR EVEN MORE FUNCTION

Our 60 cm wide wall unit with integrated, pull-out extractor hood matches our wall units beautifully and complements your kitchen perfectly.

Design and function in perfect harmony, the wall unit offers both a built-in extractor and storage space behind the handleless door.

This wall cupboard is available in heights of 56 cm and 72 cm in all our kitchen colors. Depending on the version, the cupboard contains one or two shelves.

The extractor hood can be used in recirculation or exhaust air mode. The supplied grease filter can be easily cleaned in the dishwasher, and a charcoal filter for recirculating air is also included.

Cupboards

HSMW WALL CUPBOARD WITH MICROWAVE

GET EVEN MORE INTO THE SMALLEST SPACE

This cupboard with integrated microwave significantly improves the possibilities to complement your [Stengel mini kitchen](#). The shelf on top offers additional storage space.

The clever design ensures optimal ventilation for the 20l microwave oven combination, that's why the cupboard and microwave are always supplied as one unit.

The cupboard is finished either in white powder coated steel or in stainless steel, both these finishes match all ranges of [Stengel kitchens](#). Available in white and stainless steel, and of course also in heights of 560 and 720mm. The stainless steel 20 litre microwave with baking function is used in all versions

| | dimensions: 560 x 71 x 71 mm (WxDxH) |

PROJECTS

Welcome to the world of kitchen projects!

Discover a diverse selection of inspiring kitchen design solutions for your property in our catalogue.

Stengel metal kitchens impress with their durability, high-quality materials, easy installation, high fire protection compliance, low follow-up costs and modern design.

We offer a wide range of options to realise your individual ideas.

Whether for student or retirement homes, holiday homes, office or apartment complexes - we have the ideal solution for you.

Our strengths for your project:

We support you personally and professionally from the initial idea to completion. Whether you are an architect, planning office or construction company, we are at your side in all matters. Thanks to many years of experience in project planning and our in-house design department, our team can respond specifically to your individual requirements and also realise custom-made products promptly and professionally.

Our extensive list of references at home and abroad is proof of our strong performance in the project sector.

For a detailed overview, please visit our website.

We look forward to working with you to plan and realise your kitchen project.

PROJECTS

...in Germany and all over Europe

COMPANY

Stengel Steel Concept GmbH...

...stands for clear forms, clever realisation, simplicity, high-quality materials, full functionality in the smallest of spaces and technical equipment at the highest level.

As a sales branch of Stengel GmbH based in Ellwangen/Baden Württemberg, we have all the techniques and possibilities of metal processing at our disposal. Here we benefit from our own design and production.

Stengel GmbH

Production with maximum flexibility and productivity

Thanks to state-of-the-art forming and manufacturing processes, there are almost no limits to the designs and constructions possible in sheet metal production today.

Stengel GmbH is a medium sized family owned company with more than 40 years of experience in sheet metal production. With more than 1000 employees, approximately 135.000 m² of production and storage area, our own powder coating facility and state of the art machinery, **Stengel GmbH** is able to meet the demands of today's market. As well as a large range of mini kitchens Stengel GmbH manufactures more than 50.000 products, including wet room units for cruise liners and building construction, server cabinets, office furniture, shop displays and many more products for well-known companies throughout Europe.

DELIVERY FOR OUR MINI KITCHENS

We guarantee fast and reliable delivery together with our partner companies.

PACKAGING

All **kitchen** models are specially packed to reduce damage and delivered on pallets for easy handling on site.

Electric appliances that are not integrated in the kitchens such as ovens, microwaves or dishwashers, are delivered with the kitchen and securely fastened.

OUR LOGISTIC- AND SERVICE PARTNER

The logo for Stengel, featuring the word "stengel" in a stylized, italicized orange font with a white outline.The logo for Dachser, consisting of the word "DACHSER" in blue capital letters above the tagline "Intelligent Logistics" in black, all contained within a yellow rectangular background.The logo for Spedition Pfeleiderer, featuring a blue stylized 'F' icon to the left of the text "SPEDITION PFLEIDERER" in red, with the tagline "MÖBELLOGISTIK IN PERFEKTION" in black below.

CONNECTION-SCHEME

CUPBOARD KITCHEN SKM

Information:

= Recommended area for water connections

= Recommended area for electrical connections

= Outlets 230V upon quantity of el. circuits within the bounds of the installation area

H = Hot water connection

C = Cold water connection

A = Waste water connection

Scheme is connection advice. Modifications according upon structural conditions are possible.

Integrated safety switch (door switch-off):
1x 16 A for hob upon 3500W
1x 16 A for microwave/ light
(1 socket per circuit)

Direct circuit (without door switch):
1x 16 A for fridge/ dishwasher
(1 socket per appliances)

Important notice!!!

Figure with hotplates right bowl left. Please check before installation, which side of hotplates or bowl you have and install plugs reverse left to right accordingly.

Subsequent complaints are not accepted!

We recommend the installation of your kitchen by a plumbing or electrical specialist
